PREFACE

California Prisoners and Parolees, 1995 & 1996, is a presentation of statistical data about felons, civil narcotic addicts and other populations under the jurisdiction of the California Department of Corrections (CDC). Statistical data on felons in CDC have been published since 1950 when the first issue of *California Prisoners*, covering the years 1945 through 1949, was released. Statistical data on civil narcotic addicts have been published since 1967 when the first issue of *Summary Statistics, Civil Commitment Program for Narcotic Addicts*, covering the years 1961 through 1966, was published. Beginning in 1981, the two were combined into one publication.

This publication is organized into seven sections containing information on different types of population under CDC jurisdiction. In this publication, the Data Analysis Unit has included both 1995 and 1996 data in table format providing comparisons of the constantly changing CDC population. The Reference Guide provides a list of prisons by name and location; maps identifying counties, areas of commitment, and parole regions; and a glossary of terms and acronyms used throughout the publication.

The Director of Corrections administered 32 prisons, 1 detention center, 4 parole regions, and 38 camps during 1996. The types of commitments received by CDC are Felons, Civil Narcotic Addicts, County Diagnostic Cases (under Penal Code Section 1203.03), some Youth Authority commitments, federal prisoners, and prisoners from other states. This publication contains only a portion of the data available in report format.
